

WHY CHOOSE AN REIQ ACCREDITED AGENCY?

As the peak body representing real estate in Queensland, the REIQ's mission is to maintain and support the highest standards of professionalism and ethical business practice.

We also ensure our REIQ Accredited Agencies have access to the latest legislative updates and best-practice tools.

ABOUT THE REIQ

The Real Estate Institute of Queensland (REIQ) has been the state's peak professional association for the real estate profession since 1918. With almost 100 years' experience, few associations hold the reputation or brand recognition of the REIQ.

Today, we directly represent approximately 4,500 individual members, around 1,600 agency offices, and more than 15,000 property professionals including principal licensees, salespeople, property managers, resident unit managers, auctioneers, business brokers, buyers' agents, and commercial and industrial agents in Queensland.*

Professionalism, training and best practice are at the heart of what we do. The REIQ exists to support member agencies and individuals with information, products and resources that complement their business practices, which in turn ensures professional service for their clients and consumers.
